

SeniorNet Mac Social on Tuesday 27th October 2026

WELCOME

Your partners, family and friends are all welcome to attend this event. It will be held in **THE TAPROOM** at the **RICHMOND CLUB**, 75 London Street, Richmond 8013.

Doors are open at 11am, please **arrive by 11.45am for lunch** and **the food is served around 12 noon**.

BOOKING and MENU CHOICES.

If you wish to join us for lunch **booking is essential**. The system for choosing which meal you would prefer for your lunch is to make your choice(s) **from the Tap Room Menu** which can be viewed - **just CLICK HERE and scroll down to find the menus**.

(Note: You have the option of small or standard roast and small or standard fish & chips)

Once you have made your choice(s), write the name of it (them) from the menu, and then go back to the email and click **reply** - giving **each person's name and their particular menu choice(s)**. Please have your order in by **2pm on Friday 23rd October**.

SPEAKERS

Then, at **1.00pm** we will have a **Speaker** (no booking required for this).

The Speaker will be: **Phil Marshall-Lee**, Manager of '**BrainTree Wellness Centre**'

His topic is: "**Brain Tree's Journey so far**"

Phil wanted to join the *Canterbury Brain Collective* because he has experience living with close family members with Parkinsons and Dementia. He wants to help other people living with these neurological conditions to live a better life. He also sees *BrainTree* as a great opportunity to put his broad commercial, management and

property experience to good use to develop a first of its kind holistic wellness centre for brain health in New Zealand.

Before joining the *Canterbury Brain Collective*, Phil was CFO at Mike Greer Homes, GM for Fairfax Media Southern, CFO for Soltius/Zag and FD for KPMG Consulting, as well as many other senior commercial roles across industries.

Phil is a member of the Institute of Chartered Accountants. He is a shareholder & executive director in Hardmarsh Ltd, an independent director in LJT Ltd, a board trustee for Rangi Ruru Girls School foundation and he holds board advisory roles.

Phil believes *BrainTree* will be a game changer. His hope is to educate the wider community about better brain health, so that as a society, we can normalise and integrate people living with neurological conditions to have a better life.

Come & join us, we look forward to seeing you there!
